Tropicana: Researchers of the Lost City

Fortune and glory, kid. Fortune and glory!

A researcher at Faye has found a hint that could lead to an ancient and legendary Azcali lost city. Together with the "assistants" she decides to recruit (the heroes), the researcher must solve a "puzzle" in four parts and then head to the place it identifies. But two mysterious groups are on her trail and want to steal her results.

This long adventure for Tropicana is divided into five sections and is designed specifically to introduce new players to this Savage Setting. It is a treasure hunt, set in different districts of the city and the country of San José, and the adventurers will face dangers and perils of all kinds before reaching the legendary "Azcali Lost City".

Spies, Azcalis, chases, duels - all waits for your character in Researchers of the Lost City.
