@INDUSTRIAL_MACHINERY Viжеo HMI design, maintenance, and configuration in one package Visual reports to quickly identify problems and trends Makes setup and operation a breeze The application is an HMI that allows users to monitor and control the production process of a machine. It provides all the necessary functions to configure and monitor the production process. The functions include the following: See also Machine automation Machine controls Mechatronic engineering Industrial robotics Industrial automation Safety critical systems References External links Category Industrial automationQ: MySql where clause with like and in value I have a table which has a column called 'key'. When I am trying to select records from the table with a where clause which includes a value, it does not work select * from some_table where key like '%value%' does not give any results On the other hand, if I run the following select * from some_table where key like '%value%' it works perfectly Why so? How can I fix it? A: You need to use the %(or _ for case insensitive matches) select * from some_table where key like "%value%" Documentation: Literal string comparison El presidente de la Fundación para la Defensa de los Derechos Humanos en Colombia, Juan Manuel Santos Díaz, afirmó que "las quemas tienen que terminar". Díaz consideró que las investigaciones hacia la presunta participación de la guerrilla paramilitar de las FARC en el crimen de 43 estudiantes de la Universidad de Pereira "son sin duda muy importantes". En una entrevista para Noticias de Impacto, Santos Díaz dijo que las investigaciones que se llevan a cabo en el estado de Pereira, capital de la Región del Este de Colombia, involucran a cuatro cómplices de las FARC que fueron detenidos el 20 de marzo. "A la ciudadanía le preocupa sobre todo que no se se 82157476af
